## MEETING REGISTRANT MAILING LIST USE AGREEMENT

As an Exhibitor at *The Western*, we would like to offer you the opportunity to promote your presence at the meeting, and your products and services, with a mailing and email publication. Simply add this option to your registration and we will send you a list of registrants' mail and email addresses. These lists will include information for attendees registered as of the date of transmission, which is anticipated to be June 4 for the pre-meeting list and July 2, 2026 for the post-meeting list. The file is for one-time use only and not to be shared, saved, stored, or sold for any reason.

### NEW IN 2026

The attendee mailing lists will now include email addresses of attendees.
